

Sales Manager

Bohne Spring announces the hiring of a Sales Manager

The owners of Bohne Spring welcome industry veteran Paul Young to their team as Sales Manager.

Paul brings with him close to 50 years of experience in the spring industry. He first joined the spring business as a quality control inspector. Since then, he has experienced many senior positions in the industry, ranging from quality assurance manager, vice-president of engineering, vice-president of sales and engineering, to his most recent post as key account manager.

"We believe that Paul's extensive industry experience will be a real asset to the Bohne sales team," the owners say.

Bohne Spring is a leading manufacturer of quality precision springs, wire forms and metal stampings. The company's philosophy is "Do it right the first time" — a motto it believes so strongly in that it's a condition of employment that all employees sign a copy of this policy indicating their agreement.
